About Utkarsh Rozgar

A digital platform aimed at solving the operational challenges faced by daily wage workers and street vendors in India. The platform aims to provide career opportunities and technical support to these employees, bridge the skills gap and stimulate business and growth.

Our Goals

Providing job opportunities and economic empowerment to wage workers and street vendors.

Goal # 1

Empowering wage workers and street vendors by providing job and growth opportunities.

Goal # 2

Bridging the gap between employers and skilled workers for mutual benefit and economic upliftment.

Goal # 3

Creating a user-friendly platform that connects stakeholders, facilitates transactions, and fosters sustainable livelihoods.

Progress

Ongoing improvements in our website project

Developed Login and Sign-Up pages as the gateway to Utkarsh Rozgar website.

Implemented user-friendly functionalities for workers, employers, and nodal officers

Different landing pages with customized dashboards based on login type.

Database securely stores user data categorized by role type.

Continuously enhancing the website for an improved user experience.

The screenshot shows the MongoDB Atlas Data Services interface. The top navigation bar includes 'Atlas', 'sneha's Org ...', 'Access Manager', 'Billing', 'All Clusters', 'Get Help', and 'KNVS'. Below this is a secondary navigation bar with 'MERN-fullstack', 'Data Services' (which is selected), 'App Services', and 'Charts'. On the left, a sidebar titled 'DEPLOYMENT' shows 'Database' (selected) and 'PREVIEW'. Under 'SERVICES', it lists 'Triggers', 'Data API', 'Data Federation', 'Search', 'SECURITY' (Quickstart, Backup, Database Access, Network Access, Advanced), and 'Goto'. The main content area is titled 'SNEHA'S ORG - 2021-01-13 > MERN-FULLSTACK > DATABASES' and shows 'ClusterO'. It displays 'VERSION 6.0.6' and 'REGION AWS N. Virginia (us-east-1)'. Below this, tabs include 'Overview', 'Real Time', 'Metrics', 'Collections' (selected), 'Search', 'Profiler', 'Performance Advisor', 'Online Archive', and 'Cmd Line Tools'. A 'REFRESH' button is present. The 'Collections' tab shows 'DATABASES: 1' and 'COLLECTIONS: 1'. A 'Create Database' button and a 'Search Namespaces' input field are available. The 'test' database is expanded, showing the 'users' collection. The 'test.users' collection details are shown, including 'STORAGE SIZE: 36KB', 'LOGICAL DATA SIZE: 1.24KB', 'TOTAL DOCUMENTS: 4', and 'INDEXES TOTAL SIZE: 36KB'. Below this are tabs for 'Find', 'Indexes', 'Schema Anti-Patterns', 'Aggregation', and 'Search Indexes'. An 'INSERT DOCUMENT' button is at the top right of the collection view. A 'Filter' section with a query input field ('Type a query: { field: 'value' }') and 'Reset', 'Apply', and 'More Options' buttons follows. The 'QUERY RESULTS: 1-4 OF 4' section displays two documents:
